MURDER OF GIRL STILL A MYSTERY

Woman's Confession Gives
the Police Some Good
Clues.

Louisville, Ky., May 31.—Persistent questioning of Mrs. Joseph Wendling, who is under arrest charged with having been an accessory to the murder of Alma Kellner, the child whose mutilated body was found in the sub-cellar of St. John's parochial school yesterday, has failed to shake the woman's first declaration that she knew nothing about the crime.

The police are weaving a chain of circumstantial evidence about the missing janitor, Wendling, her husband, for whom last night they began a wide search.

Some of his clothing bears numer-

ous stains which the detectives said were blood. A hat recovered from an old barrel, where Mrs. Wendling stated she had thrown it, also bears similar discolorations.

KANSAS MAN GIVES STRONG TESTIMONY

William O. McFarland, a well-known resident of Wichita, Kansas, living at 607 North Water street, that city, is a

strong believer in the efficacy of Cooper's New Discovery. In a recent statement Mr. McFarland says:

"As an after-effect of typhoid fever and the grip, I have suffered with stomach trouble for the past three years. I had no appetite, and did not get the proper nourishment from my food. As a result I was very weak, and felt tired and worn out, having no energy nor ambition. I experienced a feeling of heaviness in my stomach and belched a great deal of gas. I tried a number of remedies that were recommended to me and took treatment from several physicians, without any permanent benefit.

"I finally decided to try Cooper's New Discovery, after noticing a number of advertisements in the newspapers regarding it. I found it all that it was claimed to be. Within a few weeks the belching had ceased entirely, and the feeling of heaviness and distress disappeared. I began to relish my meals and soon gained in strength and weight. I was greatly surprised with the prompt action of the medicine, and gratified with the results I obtained from its use."

Persons afflicted with worn-out stomachs should try Cooper's New Discovery. There is a heavy demand for the Cooper remedies, for which we are agents in this community.—Kelly & Follard.

TRAIN SERVICE ON NORTHWESTERN INTO EL PASO

Pearson Plans Accommodation by April, 1911—Still in Mexico.

That the Mexico North Western will be completed and in operation between El Paso and Chihuahua, Mexico, by April, 1911, was stated at Mexico City by Dr. F. S. Pearson, president, who is in the republic on a business trip. The road will be completed with exception of one tunnel by January.

A meeting of the board of directors of the union station of El Paso will be held on June 3 to act on the request of the North Western for terminal facilities at the station, as accommodations are desired on this side of the river. The company will have all new passenger equipment and will run direct to Chihuahua.

Neither the chamber of commerce nor any railroad officials in El Paso have received advice as to whether Dr. F. S. Pearson will come through El Paso on his return trip from Mexico to New York, where he expects to be on June 5.

While in the republic, he has been inspecting his various properties, which include the Mexico Light and Power company, at Mexaca.

of the people, but all the great parties of the country, except the Republican party have done so, and that party would have declared for it except for the overwhelming influence and domination of machine politics in its management and the prevalence of so-called boss influence."

Senator Owen maintained that "the great evil from which the American people have suffered in recent years has been the secret but well known alliance between commercial interests and machine politics, by which commercial interests have endeavored and succeeded in obtaining legislation giving them special advantages in land, water, states and municipalities, and obtained administrative and judicial immunity so that the laws have not been properly enforced against them."

"I have no desire," he continued, "to seek partisan advantage by pointing out the weaknesses of government under present methods. It will require the most vigorous efforts of the honest men of both parties to restore the government to a condition of integrity, where high purposes, honor and the common good exclusively shall rule."

WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs and Elixir of Senna. Only those who buy the genuine Syrup of Figs and Elixir of Senna can hope to get its beneficial effects, and as a guarantee of the excellence of the remedy, the full name of the company—California Fig Syrup Co.—is printed on the front of every package, and without it any preparation offered as Syrup of Figs and Elixir of Senna is fraudulent and should be declined.
